THE ACTION

**A YOUTH
THAT MAKES THE DIFFERENCE!**

Message from the President of the Commission jeunesse and LEO club .

Hello to you.

Friends Leos and Lions of Quebec

As everyone knows by now; each of the Districts has a Youth Commission and a Leo Commission separate but always paired at the Provincial level (D.M.U.).

The purpose of this change was necessitated by the increase in Lions Youth activities and the increase in our Leo membership. So, more managers in order to better meet the expectations of all members and always with the same goal: to better serve our communities.

This first edition of an earlier release this year is dedicated to our most active Leos currently.

For some of them, they did not wait for the charter or to be officially recognized to act.

THE NEEDS OF OUR COMMUNITIES ARE PRESENT, SO WHY WAIT, LET'S ACT NOW.

A call to all Quebec Lions Clubs who want to more than double services in their community.

INDUCTION OF LEO *LES DRAVEURS* CLUB.

The new Léo Les Draveurs Club at Grandes-Rivières secondary school was inducted on March 7 2022 although service activities have started since October 2022.

For the occasion, the Dolbeau-Mistassini Lions Club invited the members of the Léo Club and their family at a special evening. During the ceremony formalizing the creation of the Club, the students made the oath to help the community, received the certification certificate, a diploma as well as a souvenir sweater.

At that time, the Club had 10 members. We are one of only three schools in the Quebec to have an International Leo Club. A great source of pride for our school.

Where there is a need there is a Leo.

EDITORIAL.

Lions' friends,

It is time to take stock, if you look around your clubs, they are aging, they lack energy, they need a new lease of life.

Leo Clubs are part of our future, don't hesitate, talk about it to those around you, young people only need a little push on the back to be convinced.

Lions clubs really need to make an effort to not only recruit but also recruit young people to create Leo clubs.

The Dolbeau-Mistassini Club dared, follow their example.

The Draveurs (Léo) have already started to make themselves known in their community and they have found ways to help them. We say Bravo to them!

Let's not forget the Leopards of La Tuque (Léo), pioneers who are making waves across the district.

These Leos are very functional.

Their community greatly appreciates their presence and their actions.
